RESILIENCE

At the timberline where the storms strike with the most fury, the sturdiest trees are found.

Community Foundation of Whitley County • Annual Report 2020
DIRECTOR’S REPORT

2020 has traditionally stood for perfect vision but in this case, no one saw it coming.

2020 turned into the year when we were all in it together even though it meant being apart; when it was far better to be negative than positive; and when, ironically, masks had to be worn into banks. It was the year that terminated handshakes and hugs; forced grocery store stockers into bravery and turned care givers into real life heroes. 2020 closed schools and businesses while also stealing ball games, concerts, proms, graduations, weddings, and vacations. Cruelly, the year saw an increased need for funerals -- that couldn't even be attended.

Like every other business across the nation, here at the Community Foundation 2020 tested our mettle. I am grateful and proud to report that we stood strong, rooted in the understanding that the organization was built to endure – perhaps even embrace, the hardest of times. There's no doubt that our foundation, built on a platform of generosity and the desire to “do good,” was resilient.

In mid-March we shut our doors to the public but the work never stopped as dining room tables turned into offices. I've often described the Foundation's unique ability to pivot our grant making based on changing community needs. This year we lived it. In mid-March we created emergency By-laws that allowed for rapid response grant making. Thanks to the Board's leadership, the Community Foundation was able to provide much needed funding to food banks and human service providers within a day of their requests. In total, the Foundation made almost $100,000 in grants to our non-profit partners when their unplanned needs were most daunting.

The Foundation's staff carved out a new normal, finding creative ways to celebrate scholarship recipients, make grants, conduct meetings, acknowledge gifts and honor folks with hearts of gold. On a cold December morning, it was my great privilege to pay tribute to every employee of Miller’s Merry Manor with a Heart of Gold Award thanks to a beautifully written nomination from local resident Cindy Zollinger. Standing in the nursing home's parking lot, it felt as though I was saying “thank you for your sacrifice and dedication” on behalf of our whole community. It was a privilege that left me with a tight throat and an overwhelming sense of gratitude.

This report includes new endowment funds that were started within our organization and will have a lasting impact upon our grant making for generations to come. When you see some of these donors (behind their masks) please take a moment to thank them for their contributions toward scholarships, programs and enhancing our Greater Good Fund for unrestricted grant making. Many local residents sent contributions to the Foundation's Disaster Relief Fund and we continue to use those gifts to help with COVID related burdens that include emergency energy assistance and food security. We appreciate all gifts, regardless of size, as they have been made with a desire to make things better.

Charles Dickens wrote “It was the best of times. It was the worst of times.” That sentiment was most fitting when in the midst of the pandemic, we received the exciting news that our collaborative Next Level Whitley County work was one of eleven large scale projects in the state to be funded through Lilly Endowment Inc. The $2.6 million grant will be transformational for our community in the coming years, supporting the shared vision and commitment of County government leaders, Whitley County judges, the County Prosecutor, Sheriff’s Department, Community Corrections, Mission 25, the Don Wood Foundation, the Whitko Career Academy and Parkview Behavioral Health and the Bowen Center.

As we look ahead to the hope that vaccinations bring, we do so with a spirit of resilience and a commitment to grow through what we’ve gone through. We know good things are ahead.

September McConnell, CEO
Community Foundation of Whitley County
Here’s how endowment funds work:

When an endowment fund is established through a gift or gifts to the Community Foundation, we never spend the contribution. Ever. Instead the donation is wisely invested to produce earnings. A percentage of those earnings are used to fulfill the donor’s charitable intent in the form of grants – such as an annual scholarship award, or helping to send children to camp. Through a contractual fund agreement, the Community Foundation makes distributions pursuant to the donor’s intent. Typically, a portion of those earnings are set aside to ensure the fund continues to grow over time. As years go by, grants from endowment funds will far exceed the original gifts.

- YWCA Whitley County Fund
Designated

A designated fund is an ideal choice when you want to support one or more favorite nonprofits in perpetuity. When you endow your designated fund, your giving will provide a lasting legacy to sustain the nonprofits you select. Should any of your designated nonprofits cease to exist or change its mission, the Community Foundation will ensure that the funds are redirected to a similar organization that meets your charitable intent.

Donor Advised Funds

A Donor Directed Fund is an easy, cost-effective way for donors to support charitable projects anywhere in the world, at any time they choose. Gifts to Donor Advised Funds qualify for an immediate tax deduction, regardless of when the donor decides to recommend a contribution. Foundation staff will confirm that the donor’s charities meet IRS requirements and then issue grant checks to the organizations from the Donor Advised Fund.

Scholarship Funds

A Scholarship fund allows donors to help students realize their educational dreams, or support the schools and universities of their choice. The founding donor determines the criteria for selection of scholarship recipients, and the Foundation administers the process making the awards.

ENDOWED FUNDS

Mark Gradeless Memorial Welding Scholarship Established

The Community Foundation of Whitley County is honored to hold a new welding scholarship in memory of Whitley County native, Mark “Grady” Gradeless.

Shortly after his passing, his daughters Natalee Wright and Melissa Skaw decided they wanted to create a lasting legacy for their father. Gradeless, a 1977 graduate of Columbia City Joint High School, worked at Dana Corporation, where he tirelessly serviced machines from the age of 18 until his retirement. He was also a member of the United Auto Workers, Steelworkers Union, and could often be found in his barn fixing something or tinkering.

“Mark was obviously an amazing Dad, Grandfather, Great-Grandfather and friend to all those around him. Mark was very loved by his friends and family because the scholarship was pulled together in a matter of weeks”, said September McConnell, Foundation Chief Executive Officer. “Scholarships normally take months, sometimes years, to come to fruition. Natalee and Melissa were able to pull the funds together very quickly. It is especially remarkable considering they did this during a pandemic.”

Upon reflecting on his life, Wright and Skaw knew welding was the trade they wanted to focus on to honor their father. Gradeless, a 1977 graduate of Columbia City Joint High School, was known for his practical jokes, patience, hard work, common sense advice and ability to uplift those around him.

The daughters established the criteria for the new educational scholarship. It is open to students pursuing a welding certification at Ivy Tech Community College, either as a dual credit high school student or future/current enrollee. There is no age restriction and it is open to students from Whitley County and counties that are immediately adjacent to Whitley County.

“Mark was obviously an amazing Dad, Grandfather, Great-Grandfather and friend to all who knew and loved him,” said McConnell. “This scholarship is just one more way to make sure he is never forgotten.”
COMMUNITY PROJECTS

Community Project Funds
Established to assist small organizations with financial book-keeping for their charitable projects, the Community Foundation acts as a fiscal sponsor by holding non-permanent funds under our umbrella. Unlike gifts to endowments that can never be spent, gifts to non-permanent funds can be spent in their entirety. Gifts to these funds are tax-deductible as long as no goods or services were received in exchange for the contribution.

Our Heart of Gold Awards looked a bit different in 2020; nominations for acts of kindness were numerous but yard signs had to replace the traditional reception honoring recipients.
Abbi Carroll is shown with Heart of Gold recipient Barb Kaminski.

Scott Hindbaugh raises the roof during a fun-filled Night To Shine Event. The Community Foundation helped to oversee contributions for the event through a Community Project Fund.
“It takes a village to raise a child” is an African proverb that means an entire community of people must interact with youth for those children to experience and grow in a safe and healthy environment. The thought may have started in Africa, but it was proven true in Whitley County, Indiana when the doors to the Miami Village Community Center opened in 2020.

In 2018, Community Foundation staff members were drawn into conversations with Coesse Elementary Principal Michelle Burch. She harbored growing concerns for many of her students who were barely getting by; far too many had experienced some degree of trauma and the results were surfacing at school. It was heartbreaking for the teaching staff and much too complex for them to handle on their own.

Before long, a group of community members were meeting at the Foundation and collaborating to provide solutions. Representatives from the County Health Department, Whitley County Consolidated Schools, Parkview Whitley Hospital, Mission 25, the Bowen Center, Whitley County YMCA and the Community Foundation formulated a plan that would allow children living in Miami Village to have the opportunity to attend summer day camp. The effort produced stellar results according to teachers who saw marked transformation in many students the following fall. The program continued the following two summers and yet the team of collaborators knew there was more work to be done.

Simon Dragan and Drew Wellborn of Whitley Manufacturing made a life-changing gift to the children of Miami Village with the donation of a new Community Center. They are joined by Mission 25 Director Shawn Ellis, and John Lefever, Development Consultant to the Foundation.

Scott Wagner at the Health Department connected the group to Kate LeFountain, Manager of Miami Village who connected the team to the property owner, who in turn donated a free lot. And then the search was on! A structure was needed to house an on-site Community Center where a variety of programming could be coordinated by Mission 25. After an exhaustive, unproductive hunt for a used trailer, the good folks at Whitley Manufacturing in South Whitley intervened and generously offered to build and donate a brand new structure.

What was not foreseen at the time this project was coming together was the crucial need that would develop in the spring of 2020 as COVID-19 sent children home from school. For many who relied on free and reduced lunches, this was a critical issue. So was the limited capacity of internet service which meant students had a hard time connecting to their teachers for virtual learning. A grant from JDAI furnished the Community Center with much needed computer equipment and funding from the Community Foundation allowed the staff at Mission 25 to hit the ground running. By the end of summer, the Community Center was operating with regular hours, providing much needed emotional support and healthy meals to elementary school children. In addition to serving the youth, Mission 25 has made connections with adults in the community, providing relief and support services during COVID.

The Community Foundation of Whitley County presented a $100,000 grant to Mission 25. The funding, made available through a GIFT VII implementation grant from Lilly Endowment, will allow Mission 25 to expand its important work through added staff and training. Pictured: Seated from the Mission 25 Board are Matt Shipman, Shawn Ellis and Melinda Wolf. Standing: Community Foundation officers Marcia McNagny, Andy More and George Schrumpf.

Deb Roy represented Crossroads Bank with a generous gift to the Foundation’s Covid Relief Fund.
sincere appreciation. Your vote of confidence is our top priority.

A Final Bow
How saddened we were to learn of the passing of one of our favorite former board members in December 2020. Harold Norman helped guide the Community Foundation from 2004 to 2014 and continued to be a true friend to our organization for remainder of his life. He brought laughter to the board room and kept us up to speed on all things happening in his beloved Churubusco. Local residents were familiar with the great joy Harold took in theatre productions – it didn’t matter if they were on Broadway or on the stage (named for him) at Churubusco High School. In May 2019, he was all grins as family, friends and former students gathered for A Tribute to Harold Norman: 45 Years of Churubusco High School Musical Theater. Reflecting his passion for musical theater, he established the Andrea and John Henry Norman Scholarship, in honor of his children, with the intent of providing educational funds for a graduating thespian from ‘Busco each spring. While he will be sorely missed, we are grateful that for years to come we will be the keepers of his flame by administering the endowment he created.

Consider this a standing ovation.

Directors & Staff
The Community Foundation of Whitley County Inc., has been found to be in compliance with the National Standards established by the Council on Foundations. These standards establish legal, ethical, effective practices and assure donors, government and media of our commitment to best practices. To achieve this certification, foundations go through a rigorous peer review of organizational and financial policies and procedures. Community Foundations use these standards to promote self-regulation and set consistent expectations for their boards. These standards provide a framework for documenting, communicating and providing training and technical assistance to advance best practices.
